DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 18, 2006 has been entered.

Allowable Subject Matter

Claims 1-18 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1 the prior art of record neither teaches nor suggests the method of making a light source comprising the step of forming a first optical component of phosphor-reflector assembly with phosphor material in fixed relation to a first multilayer interference reflector and then positioning the first optical component to receive light from the second optical component comprising an LED.

Claims 2-18 are allowable for the same reason as stated for claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2879

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
